

TYPES FOR FRONTEND DEVELOPERS

The background image is a black and white photograph of a grand, ornate interior space, likely a museum or a historical building. The ceiling is a large, vaulted dome with intricate, repeating patterns and decorative elements. The walls are also highly detailed with arched windows and decorative moldings. In the foreground, there are some people and what appears to be a display or a stage area, but they are less prominent than the architectural details. The overall atmosphere is one of historical grandeur and architectural beauty.
