```
const fullName = (f, l) => {
if (f == null || l == null){
return 'First & last are required';
}

return `${f} ${l}`;
}
```

```javascript
const fullName = (f, l) => {
if (f == null || l == null){
return 'First & last are required';
}

if (typeof f == 'number' || typeof l == 'number') {
return 'First & last must be strings';
}

return `${f} ${l}`;
}
```
